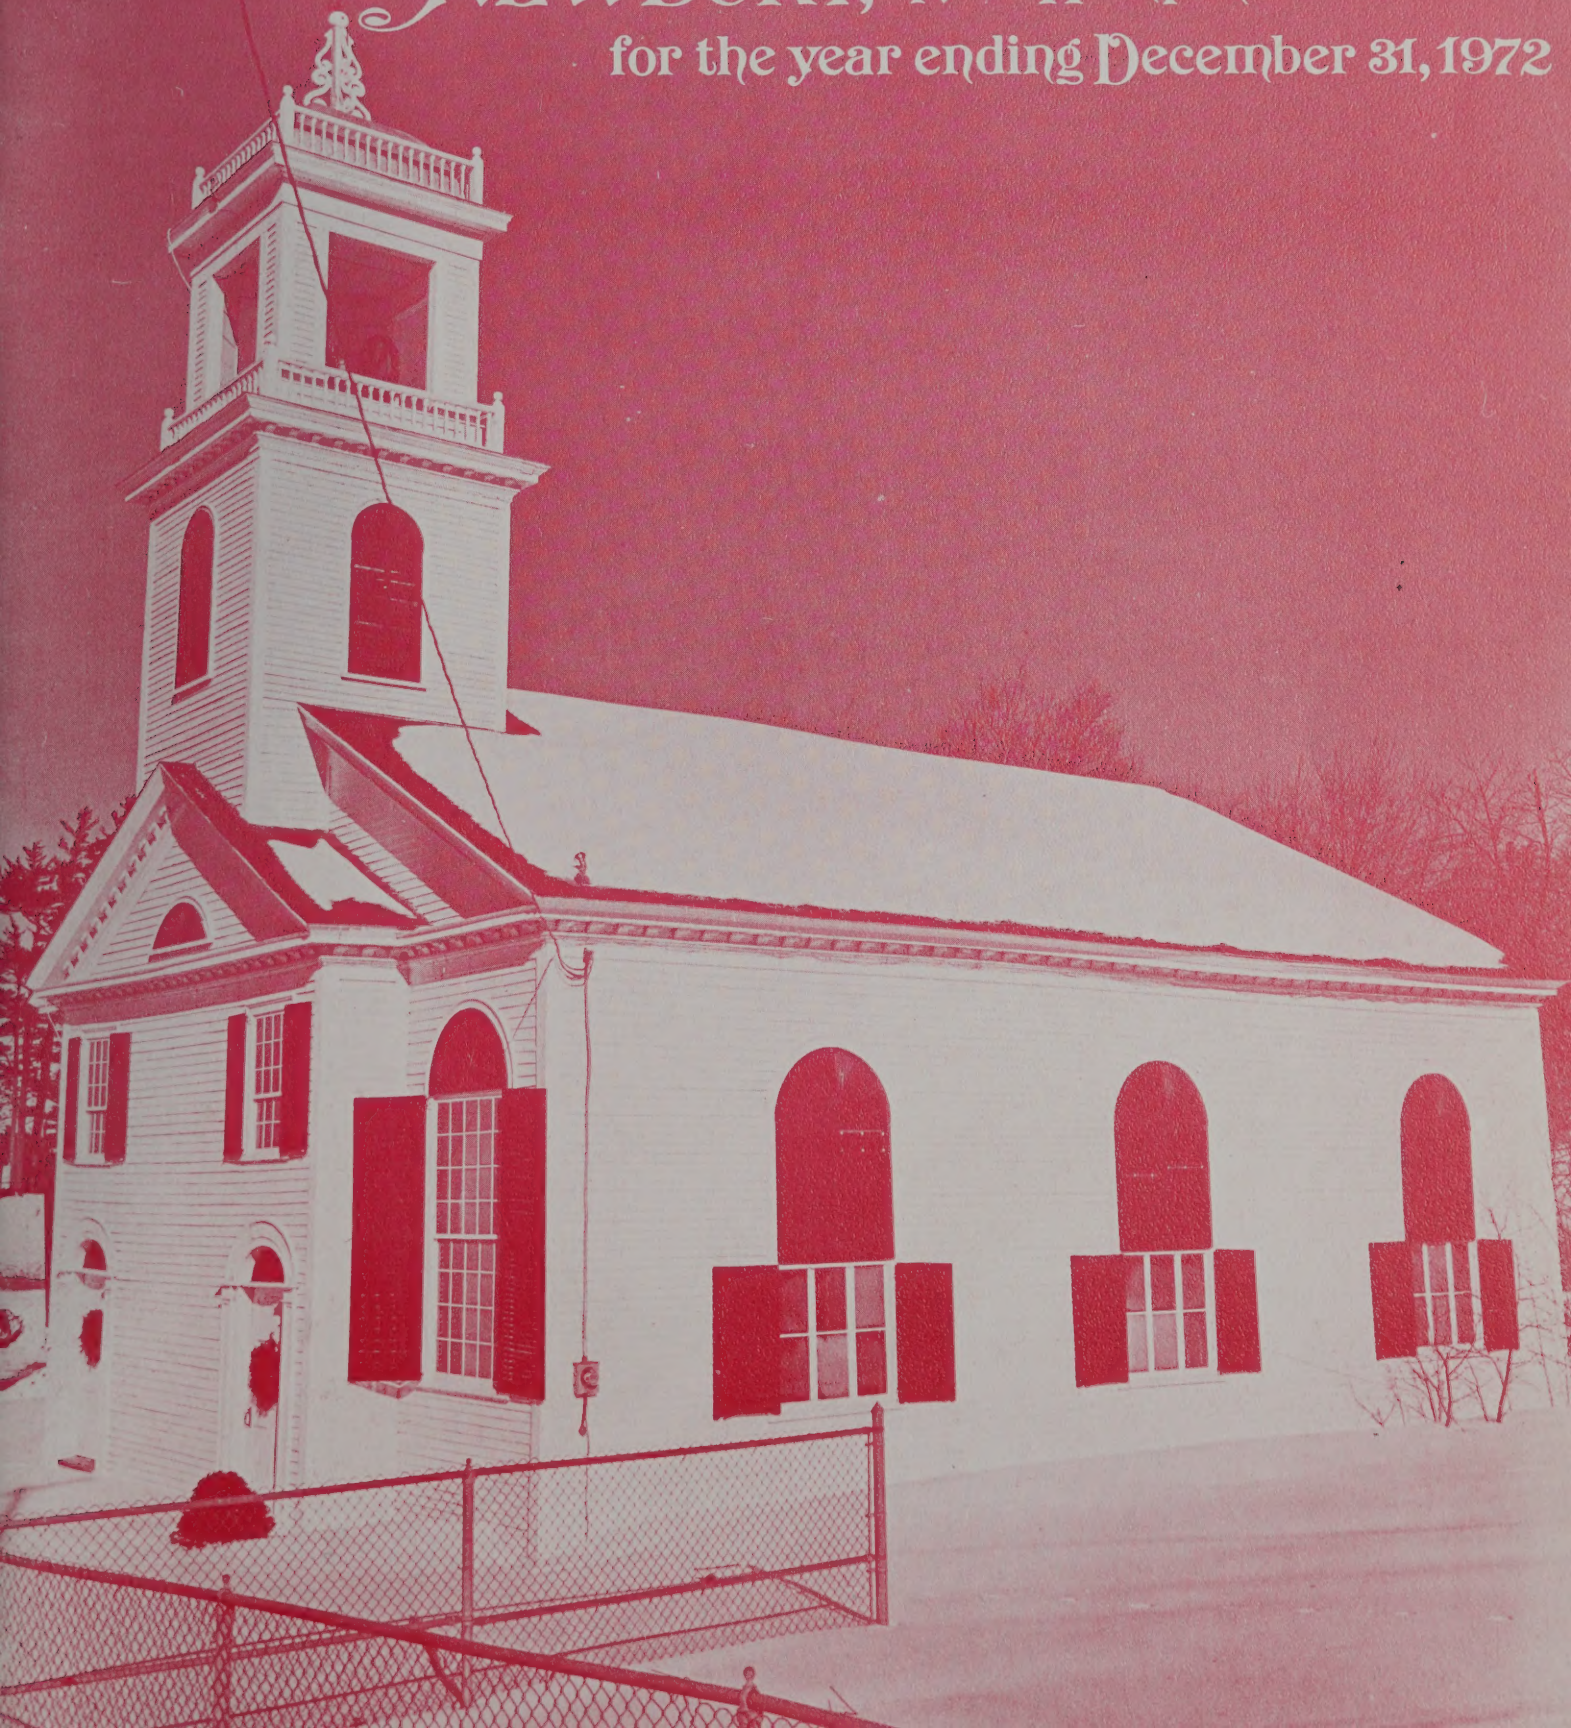
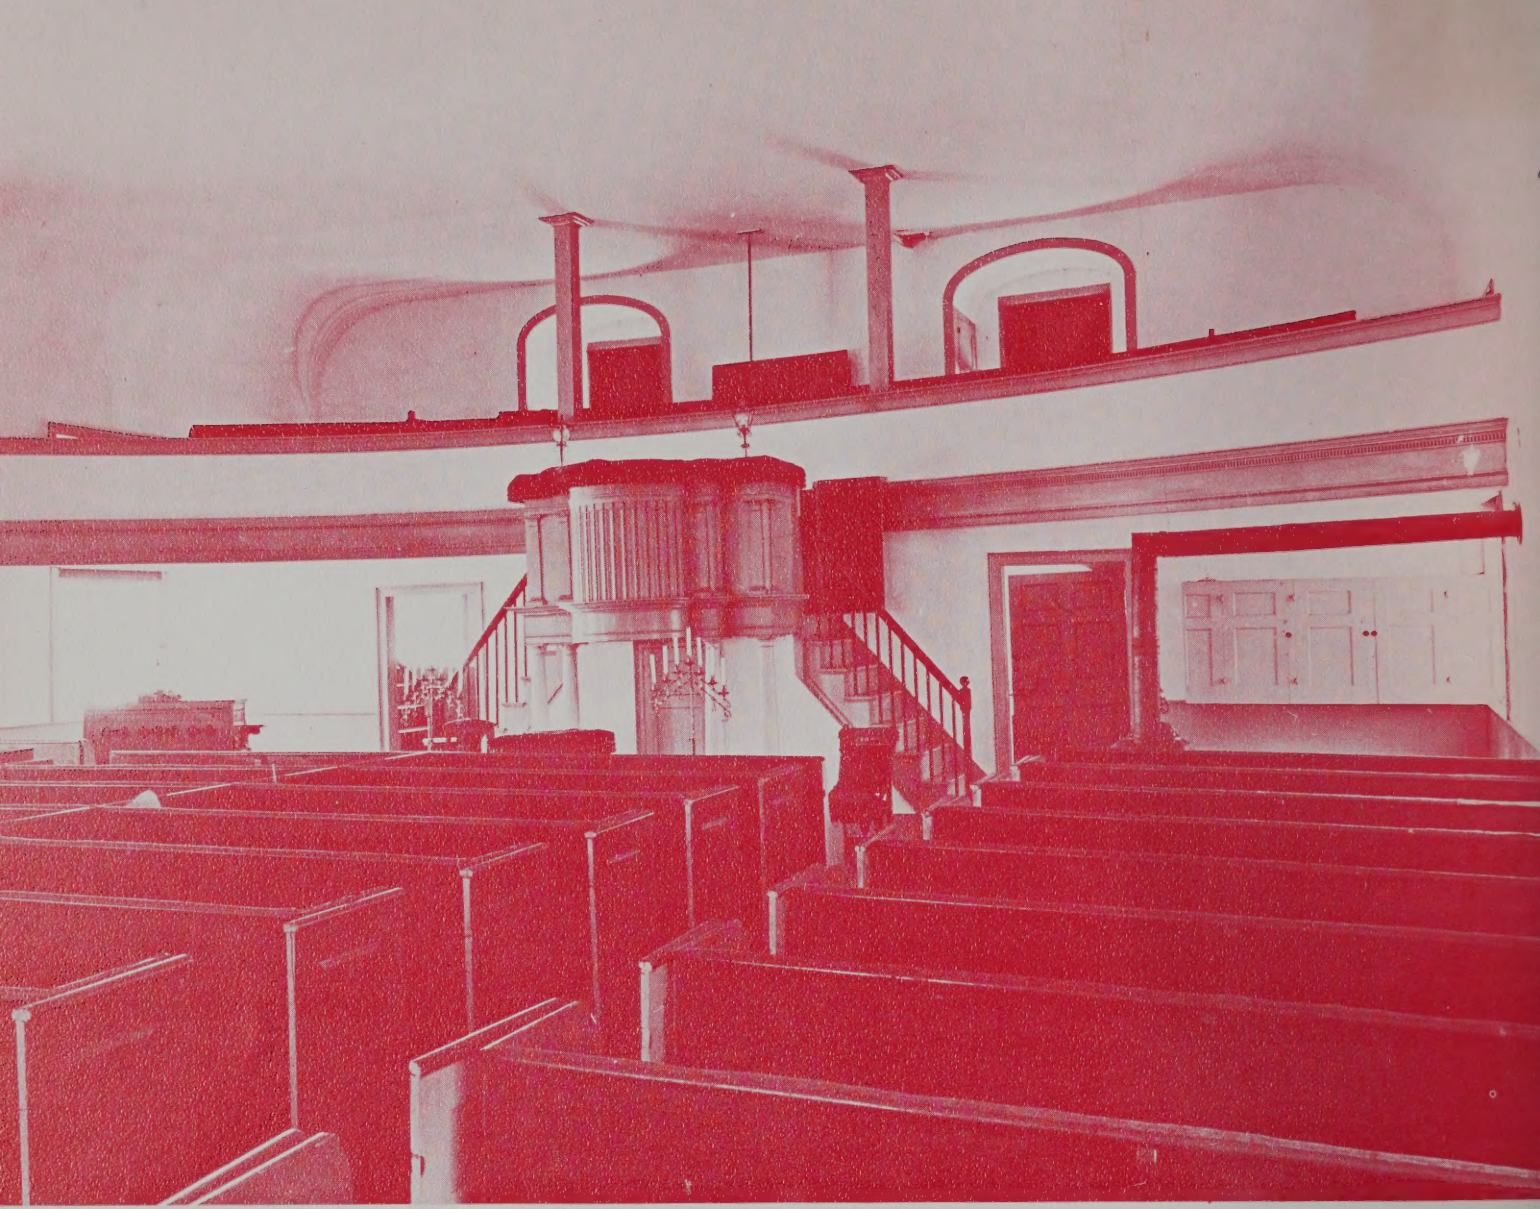
ANNUAL REPORTS of the Town of NEWBURY, New Hampshire

for the year ending December 31, 1972





CENTER MEETING HOUSE

In the Town of Newbury stands a small church built in 1821, known as the Center Meeting House. Its exterior bears conclusive evidence the master builder was familiar with the work of Mr. Bullfinch.

Fanshaped caps like blinds above the windows and a belfrey crowned by a dish-cover dome seem to establish the fact that the source of their designs was Charles Bullfinch.

Above the wooden ball on the dome rises one of the most artistic weathervanes of wrought iron to be seen throughout the countryside, doubtless the production of a local blacksmith.

As the visitor enters the vestibule, the delicate tint of the green painted walls reminds one of the colonial custom that decorated interiors with this tint of apple green. Looking through the doorway, the arrangement of the slip pews is at first bewildering for they face the vestiblue. Here is one of the first two interiors in the state which are now só seated, (the other is at Wolfeboro) although in East Derry is a semi-example of this century old custom.

The pulpit immediately absorbs attention. It stands between the doors with a staircase ascending on either side to its platform.

A number of years ago the trend of modernization influenced the villagers of Newbury to desire to remodel this interior to conform to update custom. Fortunately at that time the then Secretary of State in Persident McKinley's cabinet, Mr. John Hay of international fame and recognition were summer visitors of Newbury. Mr. and Mrs. Hay through their generous financial assistance, the restoration was carefully completed without despoiling the original plans. Because of this praiseworthy appreciation of Mr. and Mrs. Hay the value of this unique little House of God was impressed upon the entire community.

May Father Time be kind to this sacred edifice. Long may the little Church in Newbury remain unchanged. Here is a museum piece of the 1820 decade.

TOWN WARRANT

To the Inhabitants of the Town of Newbury, in the County of Merrimack in said State qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Newbury on Tuesday, the 6th day of March next at one of the clock in the afternoon to act upon the following subject;

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To hear reports of Town Officers, Agents and Committees heretofore chosen and pass any vote relating thereto.

4. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.

5. To see if the Town will vote to use monies received as Revenue Sharing for the purpose of building a new Fire House.

6. To raise and appropriate $2,500 for a new hose.

7. To see what action the Town desires to take in regard to an annual donation for Ambulance Service.

8. To see what action the Town desires to take in raising and appropriating the sum of $2,500 for Fire Equipment Reserve Fund.

9. To see what action the Town desires to take in raising and appropriating the sum of $5,000 for Highway Equipment Reserve Fund.

10. To see what action the Town desires to take in regards to accepting the Edith Eaton Educational Fund by the town Trust Fund Trustees. The yearly income to be spent by committee of three members appointed by the Eaton family.

11. To see what action the Town desires to take in raising and appropriating the sum of $962.14, the State to contribute the sum of $6,414.30 for T.R.A. on Class V roads.

12. To see if the Town will vote to accept the road known as Fortune Lane when it meets approval of the Road Agent.

13. To see what action the Town desires to take in regards to accepting the road around the back side of Chalk Pond when it meets the approval of the Road Agent.

14. To see what action the Town desires to take in regards to assisting the Kindergarten School in Bradford.

15. To see what action the Town desires to take in regards to changing the old type street lights to new Mercury Vapor Lights. This would increase street light cost about $2,500. We would have less lights out and more light at all times.

16. To see if the Town will vote to accept the Trust Fund Accounts of Jacques Coleman, $200., Lakeside Cemetery; Mr. & Mrs. Walter Roberts, $200. South Newbury Cemetery.

17. To see what action the Town desires to take in regards to appointing Ernes Sherman as Chairman of an Historical Committee to make plans for the 200th anniversary of the Town in 1978.

18. To see if the Town will vote to raise and appropriate the sum of $686.70 (six hundred eighty-six dollars and seventy cents) from the town's General Revenue Sharing Fund to support the services of the Belknap-Merrimack Community Action Program, Inc. This amount for financial support is based on a formula that takes into consideration the amount of money received by the Town under Revenue Sharing, as compared to the amount of money received by all of the other towns in Belknap and Merrimack Counties.

19. To see what action the Town desires to take in regards to raising and appropriating a sum of money for the purpose of fixing the Town Hall roof.

20. To see if the Town will vote to raise and appropriate the sum of $1,000 for the Boat Launching ramp by the so-called Blodgett Brook.

21. To see if the Town will vote to raise the sum of $7,000 annually to assist the Croft Beach Sewer Project, the same as at Blodgett's landing, until such time as bonds are paid off.

22. To see what action the Town desires to take in regards to raising wage scale of other workers to correspond to town road workers. Raise and appropriate the sum of $1,150 to cover cost of same.

23. To see what action the Town desires to take in regards to raising and appropriating the sum of $1,600 for the purpose of erecting a fence around the new part of Chandler Cemetery.

24. To see if the Town will vote to adopt the Sewer Ordinance as required by the State.

25. To see if the Town will vote to join the Region 3, Upper Valley Planning and Development Commission. Raise and appropriate a sum not to exceed $600 or that part allocated.

The Newbury Cemeteries

There are nine laid-out cemeteries in the Town of Newbury.

The Baker Hill Cemetery is located on Baker Hill past the Digilio farm on the right side of the road going east toward Stony Brook Road. This is fenced in by a stone wall.

The Bean Cemetery is located about 20 rods north of the Baker Hill Road just before one gets to the Stony Brook Road. Around it is an iron fence, and above the gate metal letters read, "Hillside Home Cemetery," founded by Deacon Samuel Bean, A.D. 1825."

The Fishersfield Cemetery on Bly Hill is located at the old town site on the Province Road. It was given to the town by Captain Burns in 1794, as was the town pound and the site of the first church. This was the original site of the Old Center Meeting House before it was removed to the present location. One leaves the top of Ledge Hill on the Post Road, then turning left at Avis Folsom's house one winds up and up Bly Hill to the height of land before dropping down toward the Cheney School.

The 15th Article of the warrant from the Selectmen of Fishersfield dated the 13th day ofFebruary 1794, to warn of a town meeting to be held at the home of Captain John Burns, in said Town of Fishersfield, on Monday the 17th day of March, 1794 at 10.00 A.M.We quote from this Article;

"To see if the Town will accept of and keep fenced the ground Captain John Burns will give to the Town for their use for a pond and burying yard. It was voted on the last mentioned date to accept of and keep fenced the ground that Captain John Burns will give to said Town for a burying ground and pound."

The second Article of a special meeting on the warrant dated September 10, 1794, to be held at the home of Captain John Burns on September 30, 1794, was as Follows, we quote:

"To see what matter the Town will take to fence the graveyard and build the pound. It was voted on the last mentioned date to fence the graveyard with a stone wall, four and a half feet high."

The third Article of a warrant for a special meeting dated the 14th day of November 1794, to meet at the Meeting House at 1 P.M. on the 8th day of December 1794, was as follows:

"To vendue the fencing of graveyard by the Meeting House. It was voted on the last mentioned date to contract the job to Captain John Burns, he being the lowest bidder."

The first burial, of which there are any records, was that of Lt. William Dodge who died August 30, 1797, age 44. There isn't any doubt but what there were burials before this date as the ground is sunken where there are field stones for a marker, and many without any sign of a marker.

Deacon William Gunnison was one of the few prominent people buried here. He died March 9, 1831, at the age of 78. His wife, Hannah, died March 23, 1813 at the age of 57. Deacon Gunnison had 21 children. The last burial in this cemetery was in 1853.

The location near this cemetery was at one time the center of the Town of Fishersfield. There was a church, tannery, and several homes & the foundations are all that remain today.

The Chandler Cemetery is located at Mt. Sunapee, right off Route 103. The land for this cemetery was given to the Town by the Martin Perkins family, descendants of the Chandlers.

The first burial in the Chandler Cemetery was that of Marium, daughter of Joseph Chandler, Esq. and his wife. Deacon Joseph Chandler Esq., who was a very prominent man, was buried there June 12, 1835, at age 81 years, 7 months and 22 days. "No chilling winds nor poisonous breath can reach that healthful shore. Sickness and sorrow, pain and death, May tell and command no more."

Mrs. Margaret Chandler, wife of Joseph Chandler, died May 5, 1830, at the age of 75. *"Afflictions, longtime I bore, physicians were in vain. Hence, but God was pleased to call me and free me from my pain."*

The Gillingham Cemetery is on the road leading from Bradford off 103, and leading north by the right side of Todd Pond and continuing to the South Newbury — Sutton Road by the home of William Gove, now known as Gillingham Boulevard. It is situated on the left side of the road some distance north of the road to the Sweet residence, which originally was the Gillingham Farm.

The earliest date inscribed on a stone is that of Alfred Gillingham, son of Daniel and Lyddia Gillingham, who died December 15, 1826 — age 11 months, 12 days. The latest date on a stone is that of Ede Jane, daughter of Henry L. and Philossa Ticknor, who died September 2, 1855 — age 2 months.

There are other graves that are unmarked that could be older or some that could be of no more recent dates. All the 15 stones are marked with the Gillingham name except the Ticknor name mentioned above.

The Johnson Cemetery is off the Old Province Road near the State Park, in back of the Wright Farm. The cemetery dates back to a deed of 1812 as containing ½ acre and a 20 foot strip of land as a right-of-way to get to same. The cemetery is located on the homestead of the first person to settle in Newbury, Zephaniah Clark, who moved from Newport.

It dates back to before Revolutionary War days. There are six Revolutionary War soldiers buried here.

The lakeside Cemetery is in back of the Old Tavern, now the Center Garage in Newbury Center.

The earliest burial in this cemetery, according to the dates inscribed on the stone, was that of Josiah

SOLD BY HORATIO HILL AND CO.

Know all Men by these Presents, That I

Nelson Cross of Fishersfield in the County of Merrimack and State of New-Hampshire —— yeoman

for and in consideration of the sum of Ten Dollars -

to me in hand, before the delivery hereof, well and truly paid by Daniel Mors of the same Fishersfield - yeoman

the receipt whereof I do hereby acknowledge, have given, granted, bargained, and sold, and by these presents do give, grant, bargain, sell, alien, enfeoff, convey, and confirm unto the said Daniel Morse

his heirs and assigns, forever a certain tract of land situated in

Fishersfield afore said and is apart of the Same land that

I bought of Stephen Emerson the twenty Sixth Day of August

1833 - Lying east of the South Meeting House in Fishersfield begin

-ning at a Stake and stons the North west Corner Running east eleven

Rods to Stake and Stons thence Southerly eight Rods to Stake and Stons thence

Westerly ten and half Rods to stake and stons thence north on the

'ng on the line of the Meeting House land thence north on the east line of said Meeting House land eight Rods to Stake and stons the

first mentioned bounds - The above discribed premises is Deeded to

the said Daniel Morse for burying ground to bury their Dead

in that vicinity and for no other purpose and the said

Daniel Mors is to fence the whole of said land and keep the

Same in repair free from any expense to the said Nelson

Cross

To HAVE AND TO HOLD the said granted premises, with all privileges and appurtenances to the same belonging, to him the said Daniel Morse and his heirs and assigns, to his and their only proper use and benefit forever. And I the said Nelson Cross and his heirs, executors, and administrators, do hereby covenant, grant, and agree, to and with the said Daniel Morse and his heirs and assigns, that until the delivery hereof, I am the lawful owner of the said premises, and am seized and possessed thereof in my own right in fee simple; and have full power and lawful authority to grant and convey the same in manner as aforesaid; and that the said premises are free and clear from all and every incumbrance whatever; and that I and my heirs, executors, and administrators, shall and will warrant the same to the said Daniel Morse and his heirs and assigns, against the lawful claims and demands of any person or persons whomsoever.

~~Nevertheless, it is to be considered, and the condition of the foregoing deed is such, that if the said heirs, executors, and administrators, shall well and truly pay unto the said heirs and assigns,~~

~~Then the foregoing deed is to be void, and of no effect; otherwise to remain in full force and virtue.~~

IN WITNESS WHEREOF, I have hereunto set my hand and seal this Second day of October in the year of our Lord one thousand eight hundred and thirty three

Signed, sealed and delivered in presence of us—

Joseph Cutler

Jonathan P. Dodge

Nelson Cross

STATE OF NEW-HAMPSHIRE. Merrimack ss. October 2nd 1833

PERSONALLY APPEARING, the above named Nelson Cross acknowledged the foregoing instrument to be his voluntary act and deed—Before me,

Jonathan P. Dodge *Justice of Peace.*

Cutler, who died April 12, 1813 at the age of 47. *"The memory of the Just is Blessed."*

There are veterans from all conflicts buried in this cemetery

The Marshall Cemetery is in the southwest corner of the town. One leaves South Newbury by the South Road about two and a half miles, turning sharply to the right at Sandy Corner the cemetery is about a hundred yards to the west.

The earliest inscribed stone is that of Cyres Bailey, February 23, .1788 — April 3, 1829.

Inscribed on one stone is: *"God hath made her perfect"*, and on another stone: "What we keep in memory is ours, unchanged forever."

There are several veterans buries here.

The Twiss Cemetery is on the old Post Road near, or on, the so-called Laurel Peaslee place. now owned by F. Arthur Larson.

The earliest burial, of which there is any record, was that of Mary, daughter of Caleb and Hannah Twiss, who died November 25, 1824.

The oldest persons buried there were John Twiss (1748-1836), age 88, and his wife, Elizabeth (1757-1848), age 91.

There is a private cemetery on the Harold Messer property where Mr. Messer and his wife, Edith, are buried. Mrs. Messer died in 1968 and Mr. Messer in 1972. This cemetery is fenced with cedar posts in the ground and cedar rails fastened to same.

There is a plot on the Sutton Road near Dresser Corner, so-called, where it is thought that Samuel Dresser and his wife were buried. No evidence of any other burial. Mr. Dresser was a Revolutionary War veteran.

The ancient burying grounds are a source of interest because of the primitive art or the rude verses. Others find the name of a long-forgotten kinsman. So many names there are no longer found in the Town.

However, in this day when people are most conscious of their environment, they should realize that in 1820 nearly three times as many people lived in Newbury as the 333 counted a hundred years later. The ancient stone walls enclosed fields and pastures, where now is silent forest.

The opening of the west drained off many young people, the city lured others away. But still another measure can be found in the old cemeteries. Little mounds, small native stones, uncut, more in fact than the old slates of their elders, tell the sad story of infant mortality and a series of epidemics, probably caused by flyborne disease.

One settler's wife's hair froze to the pillow her first night in her rude cabin. Two of her children died of exposure. This was but a part of the price paid by those who came here two hundred years ago to build a town in the wilderness.

No longer does the curfew toll
No herds are left, the trees stand tall
Where once the plowman piled his wall
The crumbling stones still mark the angels call

Civil War Cemetery, on Sutton Road

PLANNING BOARD REPORT

The planning board has found it necessary to double the number of meetings in 1972 over those held in 1971.

The Board is presenting minor changes to the Building Code, Zoning Ordinance, and Sugdivision Regulations to the voters. It should be noted that the change in the Zoning ordinance opens the door for Cluster Zoning, but insures that the population density will remain at two acres for each family.

I wish to thank the voters of Newbury for their support and the members of the planning board for their faithful performance of duty in my two years as chairman of the board.

Erest L. Shermann
Chairman

CONSERVATION COMMISSION REPORT

The Conservation Commission is contiuing its major work of indexing open space, defining areas needing protection, developing plans for best use of open space, and attempting to determine future needs.

They have worked with the Selectmen in investigating possible sites for a sanitary land fill; prepared and arranged for distribution, through the Town Clerk's office, a questionnaire on present dump use; and had printed dump-use permit car stickers.

Other activities designed to increase town interest in the comission's work included a Road Clean-up Day in April, a nature walk through Newbury Cut in May, a meeting on the Open Space Tax Law in December, and a film program on snowbiles in February.

Future plans include preparation of a recreation map showing old roads for hiking, crosscountry skiing, horseback riding, etc., and possible development of a trail system — if there is sufficient interest.

REPORT OF THE FIRE DEPARTMENT

Fires Reported During 1972

Feb. 1 — Route 103-A, State burning brush
Feb. 22 — Louis Fule, furnace backfire, no damage
Mar. 19 — Lake Sunapee, snow machine thru ice
Apr. 17 — Aubert Brown. short circuit in water heater, no damage.
Apr. 30 — Clarence Goodwillie, brush fire
May 1 — Dump, brush fire
May 24 — Chalk Pond, brush fire
May 29 — Route 103-A, brush fire
Aug. 2 — Chalk Pond Road, brush fire
Aug. 27 — Assist Bradford, Naughton fire
Sept. 15 — Joseph Martin, false alarm
Oct. 6 — Dr. DiSimone, smoke & water damage
Oct. 17 — Annette Cieri, cottage total loss
Dec. 11 — Wm. Sipple, store & apt, total loss

No. meetings: 12 Men on Roster: 30
No. Drills: 18 Total hrs. worked: 926

The steady increase in seasonal and year 'round homes with its corresponding increase in population, places an ever increasing demand on the facilities, equipment and personnel of the Fire Department. In an effort to meet these demands we are maintaining a ful roster, continuing the training program with special emphasis on newer members, and updting our radio communications system, including the initiation of tone alerting system with ten receivers at the present time.

Everyone's cooperation and continuing support is greatly appreciated.

CLARK M. DAVIS
Fire Chief

REPORT OF BUILDING INSPECTOR

January 1, 1972 to December 31, 1972

30 New Homes
9 Remodeling
9 Garages
2 Cottages
2 Barns
6 Additions
58 Total permits issued

Building in the Town of Newbury was about equal to that of 1971, and without a doubt building for 1973 will be aproximately the same as the past year.

Everyone has been cooperative, including the Selectmen, Zoning Board, Adjustment Board, and al others concerned.

Respectfully submitted,
CLIFFORD W. AYER
Building Inspector

Miscellaneous (Assoc. Dues, Staff Development & Employee Lab Tests)	154.00
	$20,949.00
RECEIPTS	$22,196.00
EXPENSES	20,949.00
BALANCE FORWARD	$1,247.00

EXPLANATION SHEET

Enclosed with this letter is the estimated 1973 budget for the Newport Area Home Health Agency. The Agency is requesting $1.59 per capita to be appropriated by each participating town. Newbury's share is $896.76 based on the 1971 population figure of 564.

Please understand that each town pays an equal per capita rate. Your town will receive quarterly bills based on the requested appropriation. There will be no bills for individual town welfare or "free" visits. Your appropriation pays your share of the overhead of maintaining services available to you plus it covers any of the welfare visits the Agency would have previously billed the town for. Each town will receive quarterly service summaries. The

Agency will continue to provide service to any individual in the participating communities if the request is appropriate and within its policies. If the request is for a service that the Agency cannot render, every attempt will bemade to refer the patient to a service that can help him.

RECEIPTS

Hospital Referral Coordination

Inorder to facilitate the flow of referrals and to assist the patients and their families in planning for the necessary care after leaving the hospital, the Newport Area H.H.A. has agreed to provide referral coordination services under contract (5 hours/week) for the Newport Hospital. This service began 7/22/72 and is paid for by the hospital.

You can see that the Agency has dropped its estimated income from Medicare and Blue Cross/Blue Shield by $700. The $3,300 is based on an average income for the past few years.

Patient Payments

The Home Health Agency requires patients not covered by an insurance or welfare payments' to pay for as much of the services that they receive as possible. To avoid discrimination, the Agency applies each patient's family gross income to a sliding scale.

EXPENSES

The Agency's expenses are about the same as last year with the exception of salaries. The Director's salary has been raised $500. The part-time nurses, who never had a raise in the Agency's six year history, were given a raise recently.

You will note that the Agency budgeted $500 for equipment. It has a grant from the N.H. Bureau of Maternal and Child Health with the understanding that $500 of it should be used to purchase necessary equipment. If the $500 is not used entirely for equipment, the amount remaining may be applied toward the expenses of Maternal and Child Health visits.

The remaining estimated expenses are approximately the same as for 1972 allowing for anticipated rise in cost.

1973 ESTIMATED BUDGET

January 1 through December 31, 1973

RECEIPTS

1972 Balance Carried Forward	$1,247.00
Newport Hospital Referral Coordination	975.00
N.H. Grant (Maternal & Child Health)	1,200.00
Medicare & Blue Cross/Blue Shield	3,300.00
N.H. Welfare (Medicaid)	1,250.00
Patient Payments	900.00
Towns' Contributions	12,384.00
	$21,256.00

EXPENSES

Salaries:	
PHN, Director	$7,600.00
RNs (Two Part-time)	5,500.00
Clerk (30 Hours/Wk.)	3,276.00
Physical Therapist	300.00
	$16,676.00
Workmens' Compensation	320.00
Social Security Taxes (Employer's)	880.00
Mileage	1,000.00
Office Rent	600.00
Office Supplies	280.00
Medical Supplies	200.00
Telephone	300.00
Insurance (liability & Premises)	300.00
Miscellaneous (Assoc. Dues, Staff Development & Employee Lab Tests)	200.00
Equipment (From Maternal/Child Health Grant)	500.00
	$21,256.00

The Newport Area Home Health Agency is asking the Town of Newbury to appropriate the sum of $896.76 based on $1.59 per capita and the 1971 population figure of 564 people.

REPORT OF THE HEALTH OFFICER

It is, in the town of Newbury, required that the replacement of any sewage disposal system shall meet the same standards as are required by the State for new systems. The procedure is: (1) draw plans (2) plans be approved by Health Officer (3) construction (4) inspection by Health Officer (5) copy of plans with approval sent to State for files.

The publication of the Cortell Report by the Lake Sunapee Protectiv Association pin pointed some areas that needed especial carful monitoring. These will receive even more scrupulous attention in 1973. Visual inspection of Lake shore systems was conducted. Several unsatisfactory systems were discovered and corrected.

It is urged that home owners with exposed oil tanks insure that they are protected and every step be taken to prevent their rusting out and their contents leaching into the lake.

We would like to commend the contractors whose work it has been our duty to inspect. They have taken pride in their work and our people can feel security in what has been installed.

Ernes L. Sherman
Health Officer

1972 MARCH PRIMARY ELECTION

Moderator G. Webb Rogers opened the meeting at 1 p.m., read the warrant and opened the polls.

The polls were closed at 6 p.m., counting of ballots followed and results were read by the Moderator at 8:50 p.m. as follows:

COURTESY TOWN MEETING
August 12, 1972

The annual meeting was conducted last Saturday evening by Deputy Moderator, G. Webb Rogers. Mr. Rogers introduced himself and all of the town officers that were present and read the town warrant for last March Town Meeting and the results of each article. Selectman, Kenneth L. Sherman read a letter from the Board of Selectmen to the Newbury Fire Department commending the Department for the fine job that has been done on the fire boat.

What is the anticipated tax rate for 1972? Please break down into school taxes and general taxes. Daniel R. Von Recklinghausen.
A—The present rate will prevail. A. Larson.

Q—Please explain the status of the Regional School assessment in regards to Newbury.
A—Moderator Rogers explained that he and Arthur Larson were on the apportionment committee set up ast last Town Meeting. The formula is 75 AverageDaily Membership and 25 equalized valuation. The state makes up the figure by using what a piece of property was sold for and also what it was assessed at, to arrive at an equalized figure.

Col. L. C. Leonard of Bay Point Road expressed appreciation to the towsnpeople for their action and firm stand on holding the formula the same at the March school meeting.

Q—Can the Selectman publish a phone number to be called for police coverage in the event the police phone is not answered? Time is important in emergencies. Sumner Raymond. Mr. Raymond stated that there was an accident on the lake involving two men and had it not been for the physical strength of two people at the scene, both men would have been killed. He stated that someone had called the police department four times, not getting an answer any time. Arthur Jones, Chief of Police stated that he was at home all evening on the night in question and that the boat safety inspector was there with him, but that his phone did not ring.
Ernest Sherman stated that the fire department has twenty-four hour coverage on their fire phone, and that it should have been called. Fire Chief, Clark Davis, was asked to comment.

Mr. Davis stated in regard to Mr. Raymond's question that his department has five red phones and that there was twenty-four hour coverage and that his people are instructed as to what to do in case of any type of emergency call.
Selectman, Arthur Larson said that the board would take it up next Monday night. Mrs. Kennedy asked if red phone stickers could be left at the Newbury Post Office. George Marquis asked if there could be some kind of 24-hour secretarial answering service.

Q—What are the chances of having Bowles Road closed off to through traffic? The distance from the entrance from 103-A is the same as along the main road. It is requested for the protection of our children.
A—Merle Rich stated that it was his opinion that this road could not be closed to through traffic.

Q—Has a midnight curfew on loud and boisterous parties ever been considered?
A—Arthur Jones said that a complain can be signed for disturbing the peace, but that he felt it would be thrown out of court, as Newbury has no ordinance.

Q—The sign at the boat launching ramp at Blodgetts Brook has been knocked down since last fall. Can it be put back up?
A—Chief Jones said that it was put up by the Lake Sunapee Protection Association, and that he would see it got put up.

Q—Please explain page five of the annual report regarding the house trailers and mobile home figures and the boats and launches figure.
A—Ernest Sherman stated that this shows the amount of mobile homes and boats in the town and their assessed valuation, and said that ALL of the mobile homes were here BEFORE the zoning ordinance was passed.

Q—Explain pages 6-7-8 of Town Report, why are the totals omitted from the columns marked appropriations previous year, 1971, and actual expenditures previous year, 1971"?
A—Merle Riche explained that the three previous columns are there for comparison of each item and that the totals have no bearing on the present years's figures or amount of money to be raised.

Mr. Sleight, Blodgett Landing, asked how come the school tax is not estimated in the report.
It was explained by Town Clerk Evelyn Davis that at the time of printing of the annual report, and at the time of the town meeting, the school meeting has not yet been conducted so there is no way that we can possibly show these figures in our town report.

Q—Will the town enforce the filling in of old wells and cesspools?
A—Ernest Sherman stated that there is a $500. fine for any old open wells or any hole in the ground that a child could fall into.

Q—What amount of frontage and what size of lot is required for a new dwelling under the new zoning ordinance? L. C. Leonard
A—Ernest Sherman stated that the minimum lot size is two acres per dwelling and that frontage, road or lake, must be not less than 200 feet.

Q—What was the discussion on article 10—Blodgett Dock?
A—Moderator Rogers stated that the article concerned the Newbury Dock, not the Blodgetts dock.

Q—Is there any ordinance prohibiting the defacing of town docks? If so, could it be posted at the dock at Blodgett Landing and be enforced?
A—Arthur Larson said there was not ordinance that he knew of and, therefore, it could not be enforced. He stated that an article could be put in next town meeting's warrant and could be voted upon at that time.

Q—Are private driveways ever plowed, and what is the charge?
A—Harold Folsom stated that driveways are plowed after ALL town work is done.
Steve Howard, Bay Point Road, stated that he would like to thank the town for the good plowing job done each winter. He stated that he and his family are at their home almost every weekend and are in no hurry to get out, but that their driveway has always been taken care of. He also stated that "the roads in Newbury are a LOT better than those in Worcester, Mass".

Q—Presently there are five residents on the old section of Route 103. Three of these five residents visit this area the year round and appreciate the efforts of the town employees in keeping this section plowed. Could the town possibly see their way to install two street lights on this road? If so, could these lights be placed on poles 1001 and 1003? Thank you for your consideration. M. C. Putnam
A—Merle Rich stated that it would be put in the warrant for next March meeting and would have to be voted upon at that time in order to raise the money for the lights. He said that this would mean that nothing could be done about the lighting this summer.

Q—The Vellante's, Courtures and Gimas families on Newbury Heights request the Town to install a light at the end of the Newbury Heights road. The last 400-500 feet of this dead end street has no lighting.
A—Merle Riche answered this the same as the previous question.

Q—Please give more information on tax map article No. 19.
A—Arthur Larson stated that Mr. Roberts, from Concord, who is a civil engineer has already started work on the maps. The town will have to have these maps by 1980 and raising $5,000. per year over a period of 6 years will not hurt so much as all at once.

Q—What is the status on the boat launching ramp —Article 16?
A—The water has been too high to do anything about it at this time.

Robert E. McWalter resolved: That the administrative, planning, maintenance and protection officers of the Town of Newbury be commended for their efficiency, dedication, foresight and loyalty.

It was stated that perhaps the meeting could be held on the third Saturday of August next year so it would not conflict with the Hospital Day Fair. Attendance was not too heavy, approximately 75 persons attending. It was decided that the 1973 Courtesy Meeting be held at 8 p.m., August 18th.

Arthury Larson stated that the Selectmen had been taken on the fire boat for a ride and demonstration recently, and that the Board of Selectment were very proud of the fine work and much time that had been put in by the Newbury Fire Department.

The meeting was adjourned at 9:15 p.m.

Respectfully submitted,

EVELYN C. DAVIS
Town Clerk

TOWN MEETING MARCH 8, 1972

The Town Meeting was reconvened at 7 p.m., March 8, 1972 by Moderator Walter Roberts. The Moderator read the first three articles and stated the results from the previous days voting. He briefly laid the ground rules and stated that the meeting would be taped for final records.

Ernest Sherman: I make a motion to congratulate our absent Selectman, Merle Rich, on his re-election. (Mr. Rich was hospitalized) It was seconded and there was a round of applause.

ARTICLE 4— Budget was read by the Moderator.
G. Webb Rogers: I move that the budget be held open till after Article 24.
Thomas Leach : Seconded. And so voted.

ARTICLE 5 — Reports of Town Officers, Agents and Committees.
The Moderator asked if there were any other reports to be made in addition to those that appear in thereport. Being none, he moved on to the next article.

ARTICLE 6 — Borrow money in anticipation of taxes.
Walter Croteau: I make the motion that the Town authorize the Selectmen to borrow money in anticipation of taxes.Robert Breck seconded and so moved.

ARTICLE 7 — Raise and appropriate money for Class V roads—TRA.
Harold Eaton: I make the motion that we raise and appropriate the sum of $1,000.68, the State to contribute the sum of $6,671.23 for Class V Roads.
Joseph Digilio seconded and it was so moved.

ARTICLE 8 — Raise and appropriate $5,000. for Highway Equipment Reserve Fund.
Harold Folsom: I make a motion this article be considered after Article 12.
Mrs. Harold V. Goubert seconded and it was so voted.

ARTICLE 9 — Raise and appropriate $2,500. for Fire Department Equipment Reserve Fund.
G. Webb Rogers: I make a motion that the Town raise and appropriate the sum of $2,500. for the Fire Department Equipment Reserve Fund.
G. Klotz seconded and it was so voted.

ARTICLE 10 — Riase and appropriate $1,500. for repair on Newbury Dock.
Walter Croteau: I make the motion that the Town raise and appropriate the sum of $1,500. for the purpose of repair on Newbury Dock.
Maude Carlson seconded and discussion followed:
Arthur Jones: What's going to be done up there?
Arthur Larson: There is rotten planking and some of the cribbing has been pushed out by ice.
Walter Roberts: Is $1,500. adequate?
Arthur Larson: Yes.
Thomas Leach: Doesn't the whole crib need replacing? Did you get an estimate of cost? Was it put out to bid? I don't think $1,500. is enough, and feel we should double that amount and put it out to bid.
Arthur Larson: There was no estimate because the dock is covered with snow. We did not put it out to bid because we had a devil of a time to get anyone to look at or fix the Blodgett Dock. I feel that $1,500. is enough at this time.
Robert Breck: We have to make the dock safe for the summer and I think we should leave it up to the Selectmen to decide if $1,500. is enough.
The motion was voted upon and unanimously voted for. There were 3 opposed.

ARTICLE 11 — Petition to stop plowing and sanding private driveways.
Walter Croteau: I made the motion that the Town discontinue plowing private driveways at the end of this winter season.
Harold Eaton seconded the motion.
George Klotz: May we hear from the Road Agent on this article? Could there possibly be a sliding scale for those who need plowing and those who don't?
Harold Folsom: I was the one that brought this petition in, and there was no mention of the $4,000. cut in it at that time. That was tacked on later. We presently plow about 220 driveways with an increase of 20-25 per year. As people keep moving in and building homes and driveways or roads, these roads are not always in the best condition, but we are expected to keep them plowed. The work increases each year, but our manpower does not. In fact, it's getting smaller all the time. At the present time, we have one man in the hospital and two others say they will quit if this does not go through. Plowing driveways is done mainly with the payloader. It takes at least two full days just to clear driveways after each storm, and another man and truck to clean those that can be reached by truck. If we do continue to do this, we will have to follow the law, which states that you must plow, wing back and sand all roads before touching private driveways. (Mr. Folsom read a letter from State Tax Commission.)
Maude Carlson: I know that Harold has taken abuse, but if I can shovel, so can the skiers.
Dr. Ray Hodgkins: Our only business is the cottage owners. Our next tax was three hundred and five thousand dollars last year, and Arthur Larson tells me that 85 percent of that is from the cottage owners. They don't get water, sewer or schooling for their taxes, the only thing they do get is their driveways plowed. I think we should plow for those who apply for it. I have been locked in twice this winter for three days and I haven't kicked. Also, our own people get business from the cottage owners in that when they want to winterize their places, our local contractors get work. If we quit, we're going to save $4,000. on the budget and this is the ONLY return these people get for the $260. thousand they pay in.
Robert Breck: I think the highway crew has done a good job (applause).
Joseph Digilio: I would like to have this vote by paper ballot.

Walter Croteau: What do you estimate it would cost if we continued plowing driveways for the additional equipment you would need, Harold?
Harold Folsom: I haven't made any estimate on that, the point is, we don't have the men to handle it. You con't get good part-time help, ones that you can depend on.
Richard Wright: Other towns in the area do plow driveways, but charge a fee for it.
Herbert Smith: Basically, it seems to me that it comes back to the Tax Commission letter. Is it legal to plow driveways, or isn't it?
Walter Croteau: Is charging a fee going to solve a problem? I don't think so, I think it would create more. For instance, if I were paying, I'd expect to have you up at my place before I leave for work at 7 a.m. Also, what do you consider a driveway? Do you think that we should not plow roads that the town has no deed to?
Harold Folsom: The line has never been drawn. If it's not a full fledged town road, then I feel it's a private drive.
Ernest Sherman: I'd like to ask Harold what it would cost to add the necessary equipment and personnel to keep all driveways opened?
Harold Folsom: You just can't get part-time help that is dependable. When it snows and you want them, they're not available. As far as equipment, a small vehicle — say a ton or ton and a half four-wheel drive vehicle to do driveways and at least one driver.
(Much more discussion)
Roland Kinsman: It is my interpretation of the letter that it is illegal to plow private driveways.
(The moderator then reread letter from State Tax Commission)
Richard Wright: I would like to have added to the motion that we continue plowing driveways under contract. Contract between road agent and individual for a specified fee.
Walter Croteau: I will not accept an amendment to my motion.
Mr. Croteau then restated his motion: "That the Town discontinue plowing private driveways at the end of this winter season."
Ballot results: To discontinue plowing private driveways Yes — 47 To continue plowing private driveways No — 82 Total ballots cast 129
Article 11 was voted down.

ARTICLE 12 — New truck and plow to replace 1963 Ford.
Harold Folsom: The Ford is nine years old and I would like to replace it with a truck just like it. The coast of a new one is now $20,500 (old one cost $13,000) With this driveway racket through, we'll have to have a new truck. I would recommend putting the $5,000 from Article 8 on the purchase of the new truck and not into the reserve fund.
Arthur Jones: I move we accept this article and buy this truck, and raise $9,500 over and above the $11,000 in the trust fund. Seconded by Donald Twyon and so voted.
Two opposed.
Joseph Digilio: How much has been offered for trade-in?
Harold Folsom: $1,000.
Thomas Leach: Does this include the plow?
Harold Folsom: No, we will keep the plow and use it on the front of the grader.
Webb Rogers: Is $9,500, instead of $10,500. enough if we sell the truck privately and not use it as a trade-in with the $1,000.
Harold Folsom: I think we should leave it at $9,500.

ARTICLE 8 — Raise and appropriate $5,000. for Highway Equipment Reserve Fund.
Webb Rogers: Does Mr. Folsom anticipate need for a major piece of equipment soon?
Harold Folsom: Not less than four years.
Webb Rogers: I move that it be tabled for one year. Seconded by Arthur Jones.
There were 11 yes votes and 40 no votes. Motion defeated.
Austin Lawler: I move we make some provision for purchase of additional equipment and hat the $5,000 be accepted. ck: Seconded and it was unanimously voted. Six opposed. Article 8 accepted.

ARTICLE 13 — Accept Trust Accounts on Cemetery Lots.
Kenneth Sherman: I make the motion that the Town accept the trust accounts on cemetery lots of James Jepson, South Newbury ($100.), John Capron, Lakeside ($200.), and L. W. and E. R. Ayer, Lakeside ($100.)
Arthur Larson: Seconded and it was so voted.

ARTICLE 14 — Raise and approrpiate $799.13 for Home Health Service for 1972.
Robbie Parker: Made a motion that the Town raise and appropriate the sum of $799.13 for Home Health Service for 1972.
Charlotte Allen: Seconded.
Kenneth Sherman: Explained that this is the same as we've given to for about five years. Newbury people have had the benefit of the home nursing service.
Joseph Digilio: Do Newbury people get free services?
Robbie Parker: There are 8 towns involved. If you have the visiting nurse, you are charged a certain fee, based upon ability to pay. If a person over 65 belongs to medicare you must be a member town to have them collect.
Bill Crowder: Due to the accident of our daughter recently, we were charged $8.00 a visit for about half an hour.
Thomas Leach: This is not a free service then.
Kenneth Sherman: Is it not true that if anyone cannot pay one cent, the nurse will take care of them?
Mrs. Charlotte Allen: There are more services that the service could provide to the communities if they had more money.
Thomas Leach: I make a motion to accept the article as read.
Sherry Rogers: Seconded and it was so voted.
(The Moderator called a ten minute break at 9:15 p.m.)

ARTICLE 15 — Raise and appropriate the sum of $600. for ambulance services.
Kenneth Sherman read a letter from the Bradford Ambulance Service and Jean Dineen spoke briefly on the subject, and told what Bradford was asking for at their Town Meeting.
Joseph Diglio: I think we should give more to the Bradford Ambulance Service if it is a free service.
Thomas Leach: I agree.
Kenneth Sherman: I make a motion "To raise and appropriate the sum of $800. for the ambulance services, divided as follows: Newport $200.00, New London $200.00, and Bradford $400.00
Tony Iwany: Seconded and it was so voted.

ARTICLE 16 — Raise sum of $600. to improve boat launching ramp at Blodgetts Brook.
Al Chaffee: I make a motion that the Town raise and appropriate the sum of $600 to improve the boat launching ramp at Blodgetts Brook.
Webb Rogers: Seconded the motion.
Thomas Leach: What will the $600. be used for?
Al Chaffee: The purpose is to put in black top and to smooth off the ramp to the water's edge and partly to remove rocks in the area which are a nuisance to motor

boats. They can be either blasted or removed or buried deeper.
Arthur Jones: Can Mr. Chaffee explain where this is?
Al Chaffee: This is at the entrance to Blodgett Brook, between the Blodgett and Croft Beach area. It is almost unusable at present.
Bill Crowder: Where will they park their trailers and cars? Cottage owners own all property around there.
Al Chaffee: Between the ramp and the brook you can put 4 or 5 cars and their trailers. That is town property.
Arthur Jones: This is used all the time and there is room for several without a problem. We put money into this in 1953 or 1954 for townspeople to be able to use it. It is Newbury's only public launch. Since the sewer construction, it does need repair.
Seconded and so moved.

ARTICLE 17 — Raise and appropriate the sum of $700. for radar.
Webb Rogers: I make a motion that we raise and appropriate the sum of $700. for the purpose of furnishing with the State, radar, for the use of Police Chief for the purpose of controlling speed.
John Huber: seconded.
Arthur Jones: I am responsible for having this article put in, it was requested by the summer people at the Courtesy Town Meeting.
Bill Crowder: If a town requests, won't the State Police come in with their radar for nothing?
Arthur Jones: True, but not over 2 or 3 times a year. The State only has three radar units.
Joseph Digilio: Can this be operated by one man alone?
Arthur Jones: Yes, it can.
Tony Iwany: If the whole State only has three, then we in Newbury don't need one.
Cark Christiansen: You could get the same effect with signs, for less money.
Al Chaffee: I am in favor of it because you have a 15-mile leeway. I am one of the ones here that have been caught with radar.
Ballot vote was taken: 116 cast — 74 yes, 42 no. Article passed.

ARTICLE 18 — To see if the Town will vote to authorize the Library Trustees to draw interest from Jennie Jones trust account for the purpose of painting the library and other incidentals.
Thomas Leach: I move we accept the article as read.
Bill Crowder: Seconded.
Walter Croteau: As I understand it, a trustee can spend the interest on anything they wish, the interest is unrestricted. They cannot spend the principle on any account without being personally liable. Also, it is the Jennie Folsom Fund, not Jennie Jones. My opinion is that this article need not be voted upon.
Thomas Leach: I withdraw my motion.
Bill Crowder: I withdraw my second.
Thomas Leach: I make a motion that it be tabled. Bill Crowder seconded and so moved. One opposed.

ARTICLE 19 — Appropriate $5,000. for tax map for Newbury.
Arthur Larson: By 1980 all N. H. towns will be required to have a tax map. These maps will cost around thirty thousand. We could have had it done for ten thousand a few years ago, but the Town voted it down. Five thousand will give the Selectmen time to start these maps and spread this expense over several years. I am in favor of appropriating this sum now, and I make the motion that we raise and appropriate the sum of $5,000. to start work on a tax map for the town of Newbury.
Webb Rogers: Seconded the motion and it was so voted.
Walter Roberts: Briefly explained the maps.
James Wright: Are these the same as aerial tax maps?
Austin Lawler: Where will they be kept?
Ernest Sherman: How are you going to select the firm that gets the $30,000. job?
George Klotz: We undoubtedly will get money back from untaxed land. Is $5,000. enough?
Arthur Larson: We can use the money to get it started. We will explore this thing further.
Maude Carlson: Is there any guarantee that the maps are correct?

ARTICLE 20 — Raise $700. for operation identification.
James Wright: May we please have this explained by the Chief?
Arthur Jones: I knew nothing about this article until people started phoning me. It was put in by the Selectmen. This is a gimmick, there is no question about it. It could work good in big cities, but not in Newbury. We have had only one burglary since October. I don't feel it's worth it. (Mr. Jones read a pamphlet from the company.) In this kit you get door sticker, house stickers, 100 inventory sheets, 200 colored flyers, and all this for only $120.
Thomas Leach: I move it be tabled.
Harold Eaton:seconded and so voted. Motion was tabled.

ARTICLE 21 — Raise and appropriate $700 to paint town hall.
George Klotz: I make a motion that we appropriate $700 for purpose of painting the town hall.
Al Chaffee: Seconded.
Bill Crowder: Interior or exterior?
Arthur Larson: Exterior.
Bill Crowder: Why not both? I'd like to amend it to include the interior and exterior.
Klotz and Chaffee withdrew their original motion.
(Discussion followed.)
George Klotz: I make the motion to raise and appropriate the sum of $1,200. for the purpose of painting the interior and exterior of the Town Hall.
Thomas Leach: Seconded.
Mrs. Harold V. Goubert: I would like to see the Selectman choose a committee of half women and half men to choose the interior colors. (This was agreed to by the Selectmen that they would do so.)

ARTICLE 22 — Raise $200. for Conservation Commission.
Richard Wright: Explained that the commission is working on many things. Now they are looking into the dump situation. They intend to circulate a questionnaire to all residents and non-residents as to dump use. We intend to have, by 1975, hopefully by next year, a full report on how much this will cost.
Arthur Larson: Someday we should explore the possibility of going together with Sutton.
Richard Wright: We are going to explore this, but we know how most everyone feels at this point about regional things. The State is pushing the idea of regional dumps, but I feel that this would be more expensive. Two hundred dollars will be enough to cover the questionnaires at this time.
Ernest Sherman: I would suggest that we don't go cooperative on anything else at this time.
John Bailey: The State will tell us just what we can do and can't do.
Richard Wright: They will not select the site. We have to find a piece of land.
Mrs. John Roche: We have absolutely no money to work with. If you noticed in the report, we plan to clear the old railroad track bed to open the "cut" for nature walks.

Walter Croteau: I make the motion to raise and appropriate $200. for incidental expenses for the Town Conservation Commission.
Richard Wright: Seconded and it was so voted. One opposed.

ARTICLE 23 — To see what the Town desires to do in regards to the following: Do you approve of having two sessions for the annual Town Meeting in this Town, the first session for choice of town officers elected by an official ballot and other action required to be inserted on said official ballot, and the second session, on a date set by the Selectmen, for transaction of other business.
Goerge Klotz: I move we accept it as read.
Richard Wright: Seconded, and so voted.
Moderator Walter Roberts explained that obviously we have to have day balloting, and according to the vote of the 1971 meeting, we have to have night meetings.

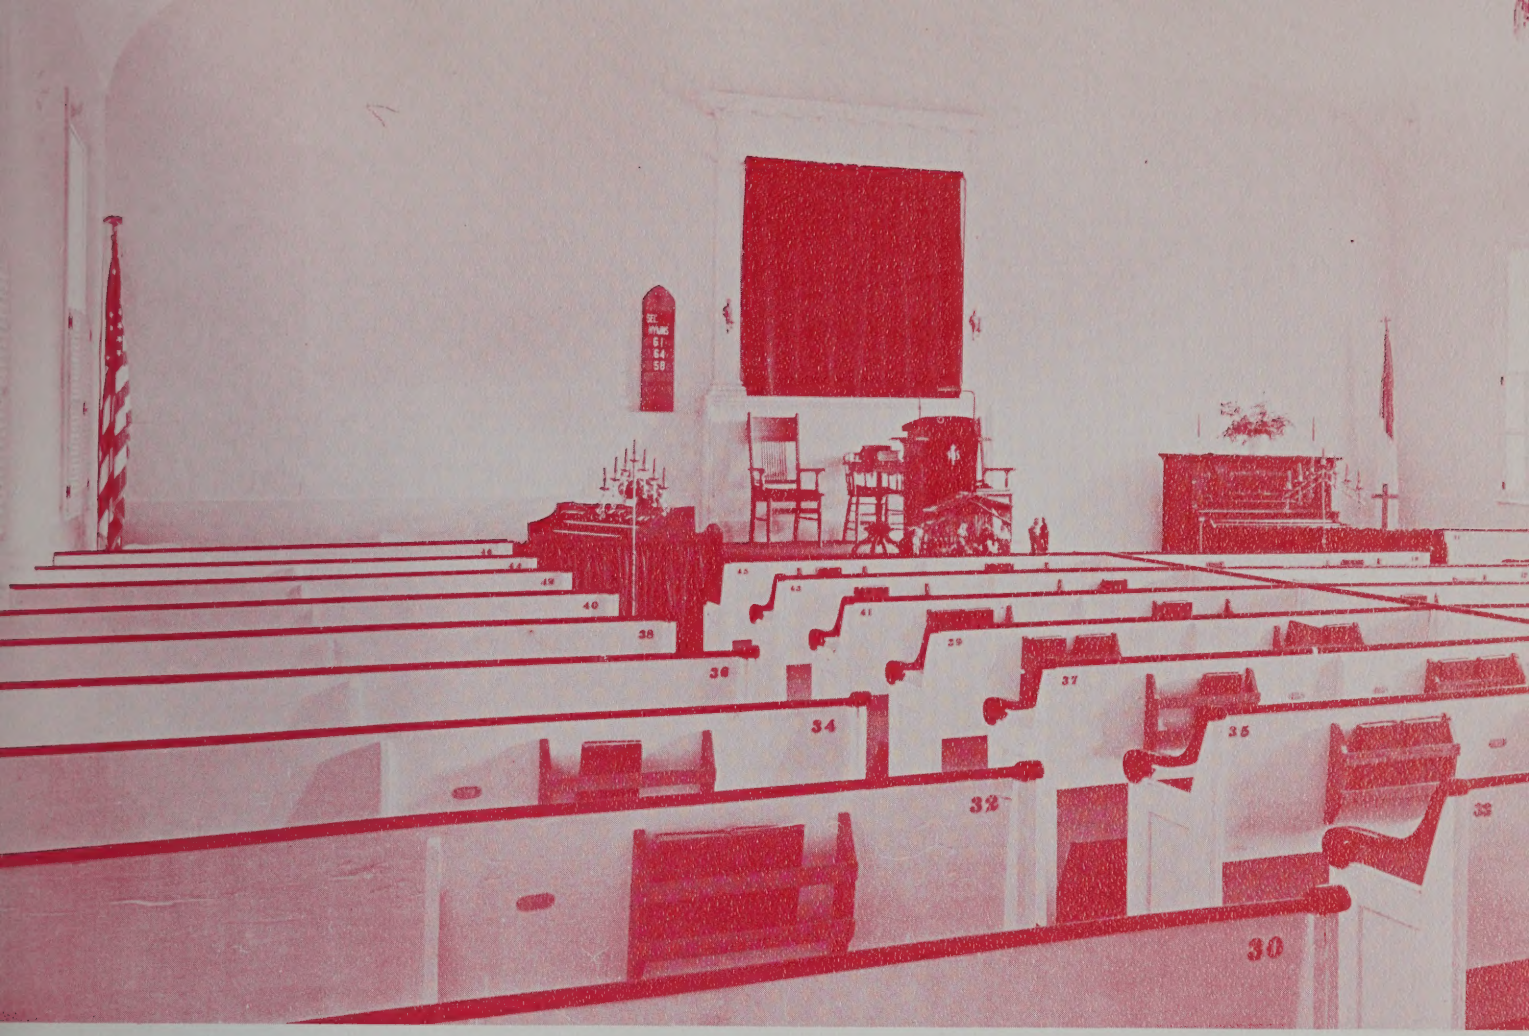
ARTICLE 24 — To see what action the Town wishes to take in the event that the present apportionment of school taxes by the Kearsarge Regional District is altered to impose additional taxes on the Town of Newbury.
Webb Rogers: I, and a number of others, asked to have this inserted in the warrant. Due to the fact that the school meeting is going to be held after our Town Meeting this year, and that Newbury's tax rate could be changed substantially if some of the proposed changes go through at the school meeting. I move "That if Newbury's school tax rate is materially increased this year, or in any future year, by a change in the apportionment formula of the Kearsarge Regional School District, the Selectmen of the Town of Newbury be authorized to retain legal counsel to obtain a court injunction to postpone any change in apportionment methods until the question of discrimination against the Town of Newbury can be settled through court suit against the Kearsarge Regional School District."
(There was much discussion on this article, such as the date and time of school meeting, how should the town vote, what method of voting would there be, etc.)
Kenneth Sherman advised to vote Yes on "74 Percent Average Daily Membership and 26 Percent Equlized Valuation," and NO on everything else.
Mr. Rogers motion was seconded by Enrest Sherman, and it was so voted.

ARTICLE 25 — Any other business to come legally before this meeting.
Joseph Digilio: Wouldn't it be to our advantage to have our own gas pumps for the Police and Fire Departments?
Robert Breck: You can get a contract with an oil company and buy at the same price the gas stations do. I think it should be left up to the Fire Chief and the Police Chief to look into this, and they can make a recommendation to the Selectmen.
Carl Christiansen: I move that the Selectmen appoint a committee to investigate the expenditures and the allocation of money of the Kearsarge Regional School Board budget.
Clifford Ayer: Seconded, and it was so moved.
Arthur Larson: I would like to know, in regards to the equalized valuation figure that they use for tax purposes for the school budget, is this based on our (the town's) figures, or on the State Tax Commission figures. There is a difference of five million dollars.
Walter Croteau: The formula is based on equalized valuation given by the State, NOT ours.

The meeting adjourned at 11 p.m.

Respectfully submitted,

EVELYN C. DAVIS
Town Clerk



Notes taken from the original records of the South Newbury Union Church

"Records of South Meeting House Transactions in Fishersfield 1831"

"A Notice wasposted up in the Year of 1831 by a few individuals for the purpose of calling together the Publick to adopt measures for the erection of a house of Worship in the S. E. part of Fishersfield.

"Accordingly on the 12th of March 183 met for the purpose of trying the vote and minds of the people relative to locating and building a meeting house."

1. Chose Jeremiah Morse chairman
2. Chose John Gillingham, clerk
3. Chose Jona. Emerson, Daniel Morse and Jeremiah Morse, committee
4. Voted that said committee should draw a plan for house and also a constitution for the same.
5. Voted to adjourn said meeting to the 19th March, 1831. JG Clk"

"Fishersfield, March 19, 1831,

"met at J. Ewins according to adjournment for the purpose selling the building a meeting house and also the pews of said House

"1st voted to accept the Constitution drawn by the Committee, to be Constitution to govern the affairs of said house and owners etc.

"According to the lowest bid the building of the house was struck off to Israel Putnam Esqr. of Fishersfield at Eleven hundred and twenty Dollars.

1. Sold 1 pew to Israel Putnam No. 23 at 36.00
